

	mio. inhabitants town						
	urban area						
	Question 1: Is there any interest in "clean" busses in your area?						
	CNG						
	Trolley						
	Bio-diesel						
	Hybrid						
	Electrical						
	Other						
	Some benchmarks Diesel						
	Number of vehicles (midi/standard/articulated)						
	Low floor vehicles (%)						
	Age of vehicles (avg/max)						
	Avg. distance per vehicle (vehicle-km per day)						
	(vehicle-km per year)						
	Avg. distance between refueling (km)						
	Frequency of refuelings (per day)						
	Average of operational costs (€ per vehicle-km)						
	Some benchmarks CNG						
	Number of vehicles (midi/standard/articulated)						
	Low floor vehicles (%)						
	Age of vehicles (avg/max)						
	Avg. distance per vehicle (vehicle-km per day)						
	(vehicle-km per year)						
	Avg. distance between refueling (km)						
	Frequency of refuelings (per day)						
	Average of operational costs (€ per vehicle-km)						
	Some benchmarks Trolley						
	Number of vehicles (midi/standard/articulated)						
	Low floor vehicles (%)						
	Age of vehicles (avg/max)						
	Avg. distance per vehicle (vehicle-km per day)						
	(vehicle-km per year)						
	Average of operational costs (€ per vehicle-km)						
	Some benchmarks Whole fleet						
	Number of vehicles (midi/standard/articulated)						
	Low floor vehicles (%)						
	Age of vehicles (avg/max)						
	Avg. distance per vehicle (vehicle-km per day)						
	(vehicle-km per year)						
	Average of operational costs (€ per vehicle-km)						
	Question 2: What is the origin and the quality of your fuels?						
	Question 3: Are there any kind of measures to reduce noise and even air pollution?						
	CNG						
	catalytic converter						
	EURO norms						
	isolations in fibres ceramics						
	exhaust systems using dynamic filters						
	Question 4: What is the strategy for renewal of busses?						
	Question 6: Is there any interest in "bi-articulated" busses?						
	Question 7: Dedicated infrastructure for busses?						

lanes						
onboard passenger information						
traffic lights						
wayside passenger information at stops						
others						
Question 8: Current project in improving bus-network?						
Question 9: Busses on demand?
